PassTime Launches the Latest Version of the Elite Product Line

Littleton, CO. (December 1, 2009) – PassTime is proud to announce the new PassTime Elite II Product Line dedicated to assisting dealers and lenders. PassTime, the leading provider of solutions to the Special Finance Industry has developed the new Elite II to complement its existing product suite. The Elite II is the latest Wireless Payment Assurance Device from PassTime designed to help dealers and lenders improve collections, reduce delinquencies, track vehicles and reduce the risk of customer tampering.

PassTime's Executive Vice President of Operations Chris Macheca stated, "We have worked diligently on the design of the Elite II to bring an exciting new product to market. The Elite II will maintain all the great features of the original Elite Product Line, but with additional technology and feature enhancements."

Elite II was developed to further support dealers and lenders in their Payment Assurance needs. Based on customer feedback, PassTime developed the new Elite II Product Line with the following features:

- Internal antennas (Cellular and GPS)
- New Radio-Frequency Remote Control (no reader eye)
- Up to Six (6) simultaneous Geo-fences
- Enhanced mapping performance
- Increased Anti-theft Features
- New "intelligent code" confirmation
- Improved Power Management Controls

*****The Elite II is now 30% smaller with a faster installation*****

About PassTime™ USA

Headquartered in Littleton, Colorado, PassTime™ was founded in 1992; the PassTime Suite of Products is designed to improve customer payment performance and reduce default and repossession risks. In 1997, PassTime created its first "Starter-Interrupt" Device with a revolutionary design. Over the next several years, a Suite of Products evolved that offer code-based, wireless, and GPS Products and Services designed to meet the needs of a highly diverse industry of car dealers and special finance companies.
